Skyworks Solutions, Inc.
Project Engineer
December 2002 - September 2004 (1 year 10 months)
Noida Area, India

Release 99 Compliance Testing:

- The legacy stack was compliant to Release 97. Enhancements were done to
make the stack Release 99 (March 03 version) compliant for the GSM/GPRS
(This was also needed as a basic platform for the EDGE).
-For the on-target testing, RACAL-6103, CRTUG and ANITE tools were used.

DeepRootLinix - Client Samsung
Engineer
July 2001 - November 2002 (1 year 5 months)

-Performed verification and validation activities to test the GSM/GPRS
handsets for native apps.
